Like each year the National Congress of SOFCOT will be held at the beginning of November. This year it takes place from 08 until 12 November 2010 in Paris. G. Bollini, SOFCOT President, and J. Caton, President of the Academy (annual meeting), will host an EFORT Forum on Tuesday, 09 November 2010. The main theme of this year will be "the movement." Naturally, the EFORT Forum will focus on sports and joint replacement. The official language of this session will be English and French with a simultaneous translation in order to make this attractive session well attended by the 3000 French Orthopaedic surgeons attending this meeting.

Thierry Bégué, Chairman EFORT Forum and all the members of the executive committee of SOFCOT welcome you to this meeting in Paris.

Author: Prof. Dr. Philippe Neyret, Chairman of the EFORT Forum in Paris.

EFORT Forum during the National Congress of SOFCOT

**Topic of the EFORT Forum:**
Sports and lower extremity arthroplasties

**Tuesday, 09 November 2010**

  - Title: Children’s traumatology
  - [www.efort.org/ic/vienna2011](http://www.efort.org/ic/vienna2011)

**Info:** For more information, please visit our website: www.efort.org/ic

See interview about IC in Geneva 2010 on the next page ►
The official European Federation of National Associations of Orthopaedics and Traumatology journal, European Orthopaedics and Traumatology (EORT), was launched in Madrid at the EORT Congress 2010 and the response has been extremely positive. Increasing numbers of manuscripts have been submitted and we are happy that many of them are from outside Europe.

This is, in a special way, in line with our wishes, as our journal is intended to increase communication not only within our European orthopaedic family but also with our colleagues worldwide working in the broad field of musculoskeletal conditions.

In this sense, EORT is pleased to announce that the 2nd EORT Journal is now published. It is available online via www.efort.org and all EORT members are granted free online access.

EFORT Journal - European Orthopaedics and Traumatology
The 2nd EORT Journal, Volume 1, Number 2, September 2010 is now published
