Cassiano Neves

Dear Colleagues,

It is a pleasure to welcome you to the third course of the 1. EPOS-EFORT BAT Programme. The course aims at General Orthopaedic Surgeons, particularly young ones, who want to improve their knowledge in Children's Orthopaedics. The syllabus should contribute to knowledge-sharing and a further understanding of Children's Orthopaedics.

EPOS Educational Committee has set up "EPOS BAT Educational Programme". The programme meets the demands required by the European Board of Orthopaedics and Traumatology (EBOT). The acronym **BAT** arises from **B**asic-, **A**dvanced- and **T**raumatology Courses. These courses together constitute "EPOS BAT Educational Programme" and aim to facilitate a problem-solving approach in the diagnosis and management of orthopaedic conditions in children informed by relevant research evidence.

A module of two Basic Courses in combination with one Traumatology Course covers the core curriculum in Children's Orthopaedics. Advanced Courses are primarily designed for Children's Orthopaedic Surgeons who manage children's orthopaedic conditions in a highly specialized setting. Course teaching Faculties are composed of highly internationally recognized specialists in Children's Orthopaedics from all over Europe and USA. This second Basic Course includes disorders of the knee, disorders of the upper limb and musculoskeletal infections combined with workshops, panel discussions and case presentations by participants. The Industry is an important partner in this programme. Innovation in hardware and treatment procedures for children often has its basis in clinical work. That is why we need close collaboration with the industry in this field.

We invite all orthopaedic surgeons to come to Vienna in March 2012 and join us at the Orthopädisches Spital Speising at the heart of Europe. We will do our utmost to meet and exceed your expectations and we look forward to welcoming you!

See you soon in Vienna!

Yours,

Bjarne Møller-Madsen

Core Curriculum in Childrens Orthopaedics

EPOS Educational Committee has set up "EPOS BAT Educational Programme". The programme meets the demands required by the European Board of Orthopaedics and Traumatology (EBOT). The acronym BAT arises from **B**asic-, **A**dvanced- and **T**raumatology Courses. These courses together constitute "BAT Educational Programme" and aim to facilitate a problem-solving approach in the diagnosis and management of orthopaedic conditions in children informed by relevant research evidence.

BAT – Basic, Advanced and Traumatology

Educational Programme in Childrens Orthopaedics

A module of two Basic Courses in combination with one Traumatology Course covers the core curriculum in Children's Orthopaedics. Advanced Courses are primarily designed for Children's Orthopaedic Surgeons who manage children's orthopaedic conditions in a highly specialised setting. Course teaching Faculties are composed of highly internationally recognised specialists in Childrens Orthopaedic from all over Europe.

Programme

Wednesday 28 March 2012

Disorders of the upper limb

7:30	Registration	
8:00	Opening and welcome	B. Møller-Madsen M. Cassiano Neves
8:15	About EFORT	M. Cassiano Neves

Development and growth

Moderator: Franz Grill

8:30	Embryology and growth	M. Ramachandran
8:50	Clinical assesment	S. Böhm
9:10	Rehabilitations programme	S. Böhm
9:30	Discussion	

Congenital deformities

Moderator: Franz Grill

9:45	Classification and epidemiology	S. Böhm
10:00	Management considerations incl. timing	W. Girsch
10:15	Discussion	
10:25	Coffee break	

Malformation of the hand

Moderator: Rüdiger Krauspe

10:45	Congenital deformities	W. Girsch
11:00	Poly- and Syndactyli	M. Ramachandran
11:15	Discussion	

Malformation of the forearm

Moderator: Rüdiger Krauspe

11:25	Longitudinal malformations	D. Eastwood
11:45	Transverse malformations	D. Eastwood
12:05	Soft tissue deformaties	W. Girsch
12:25	Discussion	

Programme

Wednesday 28 March 2012

Brachial plexus injuries

Moderator: Rüdiger Krauspe

12:40 Brachial plexus injuries W. Girsch

12:55 Discussion

13:00 Lunch / Symposium

14:00 Workshops – Rotation system

15:30 Coffee break

Infection of the hand and upper limb

Moderator: Manuel Cassiano Neves

16:00 Infection of the hand and upper limb E. Ippolito

17:00 Discussion

17:15 End of the day

Thursday 29 March 2012

Disorders of the knee

Development and growth

Moderator: Ernesto Ippolito

8:00 Embryology and growth M. Ramachandran

8:10 Clinical assessment H. Omeroglu

Before walking age

Moderator: Ernesto Ippolito

8:30 Congenital dislocation of the patella T. Wirth

8:50 Congenital knee flexion contracture D. Eastwood

9:10 Congenital hyperextension of the knee F. Grill

9:30 Discussion

9:50 Coffee break

Programme

Thursday 29 March 2012

After walking age

Moderator: Tomas Epeldegui

10:30	Idiopathic anterior knee pain	F. Hefti
10:45	Apophysitis	H. Omeroglu
11:00	Osteochondritis dissecans	F. Hefti
11:20	Discoid meniscus	T. Wirth
11:30	Patellofemoral instability	F. Hefti
11:50	Popliteal cyst	T. Wirth
12:00	Athletic knee - plica syndrome, pes anserinus syndrome	H. Omeroglu
12:15	Discussion	
12:30	Lunch	
13:30	Workshops – Rotation system	
15:00	Coffee break	

Musculoskeletal infections

Musculoskeletal infections

Moderator: Muharrem Yazici

15:30	Epidemiology	D. Eastwood
15:40	Transient synovitis of the hip and septic arthritis	R. Krauspe
16:10	Ostemyelitis. - acute and chronic	T. Epeldegui
16:40	Post-operative infections	B. Møller-Madsen
16:50	Sequelae	T. Epeldegui
17:10	Discussion	

Case presentations by participants

Moderator: M. Yazici

17:30	Case presentations by participants	Participants
18:00	End of the day	
19:00	Dinner	

Programme

Friday 30 March 2012

The growing spine

Moderator: Bjarne Møller-Madsen

8:00	Development of the normal spine. Growth assesment	G. Bollini
8:15	Clinical examination. Imaging	M. Yazici
8:30	Discussion	
8:40	Workshops – Rotation system	
10:10	Coffee break	

Idiopathic scoliosis

Moderator: Thomas Wirth

10:40	Epidemiology. Classification	G. Bollini
10:55	Non-operative treatment	M. Yazici
11:20	Operative treatment	R. Krauspe
11:45	Discussion	
12:00	Lunch	

Scheuermann's kyphosis

Moderator: Hakan Omeroglu

13:00	Clinical assesment. Imaging	R. Krauspe
13:10	Management	M. Yazici
13:30	Discussion	

Spondylolisthesis

Moderator: Hakan Omeroglu

13:40	Clinical assesment. Imaging	G. Bollini
13:50	Management	G. Bollini
14:20	Discussion	

Infections and tumours

Moderator: Stephanie Böhm

14:30	Spondylitis. Discitis	R. Krauspe
14:40	Tumours	M. Yazici
14:50	Discussion	
15:00	Workshops – Rotation system	
16:30	Closing remarks	B. Møller-Madsen
