during the 98th National Congress of the Italian Society of Orthopaedics and Traumatology (SIOT)

Politrauma: what to do after damage control?

26 October 2013

Genova, Italy

# EFORT Fora

## Welcome

The project called EFORT Fora, launched in 2002 at the DGOOC Congress in Berlin, aims at organising specific EFORT symposia during the annual congresses of our member National Societies.

The initial idea was to choose one topic for several events, e.g. Thromboprophylaxis, and let European experts from various countries discuss it to clarify different European criteria and arrive at new standards. The concept was very well accepted, but the problem was to find European speakers ready to deal with the same topic during numerous events. On the other hand, the national expectations from such symposia are distinct from country to country.

Consequently, EFORT changed the format of the project and decided to organise these European Fora on specific topics non-related between them but rather embedded in the topics highlighted in each national congress. Today, under the supervision of our Fora Chair, Prof. Thierry Bégué from Paris – France, EFORT organises around 10 European Fora each year.

We plan to provide updates on a variety of hot topics within orthopaedics and traumatology. National Societies are free to choose a topic and propose a two-to-four-hour session during their yearly congress. Half of the speakers come from the organizing National Society and the other half should be appointed by EFORT from other European countries.

In recent years the EFORT Fora have enjoyed a very high scientific level and provided an excellent exchange between National Societies and EFORT. Accordingly, the interest in such Fora has grown markedly.

# Programme and faculty

## EFORT Forum, Saturday, 26 October 2013, 16.00 – 18.00

### Faculty

Paolo Cherubino

Italy

Thierry Bégué

France

Fabio Castelli

Italy

Josep M. Muñoz Vives

Spain

Antonio Berizzi

Italy

Francesco Biggi

Italy

Peter Giannoudis

United Kingdom

Pietro Bartolozzi

Italy

16.00 Opening of the EFORT Forum  
P. Cherubino

---

16.15 Pelvic ring reconstruction:  
Timing and surgical technique  
F. Castelli

---

16.30 EBM for Timing of definitive  
fixation after damage control  
J. M. Muñoz Vives

---

16.45 Definitive treatment after DCO:  
The Padova experience  
A. Berizzi

---

17.00 Management of acute bone  
defects after damage control  
T. Bégué

---

17.15 Temporary external fixation and  
delayed intramedullary nailing  
in severe open fractures  
F. Biggi

---

17.30 Biological criteria for second hit  
surgery in damage control  
P. Giannoudis

---

17.45 Discussion & Summary of the  
EFORT Forum  
P. Bartolozzi

---
