Call for abstracts & first announcement

Geneva, Switzerland
01–03 June 2016
Main theme: Maintaining Activity Through Life
The EFORT Academy

A peer network, where orthopaedic surgeons & healthcare leaders meet  #EFORT2015

Excellence in Orthopaedics and Traumatology

The EFORT Academy’s main objective is to sustain the vision of EFORT, to capture and build on the professional capacity of the Federation by driving the scientific agenda, harmonising education and treatment, encouraging knowledge exchange and performing with a high level of integrity.

The Academy offers a FELLOWSHIP affiliation which is open internationally to all interested surgeons, physicians, researchers and allied healthcare providers in the field of orthopaedics and musculoskeletal trauma.

Benefits for accepted Academy Fellows include a free entrance to the 2016 EFORT Annual Congress in Geneva, as well as fast track registration, amongst others.

Save on the EFORT Annual Congress registration fee:
apply NOW to become an EFORT ACADEMY fellow!

Application deadline is 31 October 2015

ANNUAL FULL MEMBERSHIP
490 euros

ANNUAL JUNIOR MEMBERSHIP
300 euros

Dear Participants,

The Executive Committee of EFORT and the local organizing swiss orthopaedics would like to invite you to attend the 17th EFORT Congress in Geneva on 01–03 June 2016. We are delighted to announce that for the third time in the history of EFORT, this will be a combined meeting with a national society – in this instance swiss orthopaedics.

The EFORT Scientific Committee, chaired by Professor Thierry Bégué, with ongoing support from the Specialist Societies, has created an exceptional programme covering varied topics from basic research to areas within daily practice of orthopaedics and trauma. The main theme of the Congress in Geneva will be “Maintaining Activity Through Life”.

Highlights of the Congress include clinical judgement in the aged spine, influence of age on reconstruction in bone tumours, early care achieves lifetime mobility, degenerative foot and ankle as well as pitfalls in rotator cuff surgery only to mentioned a few. As in previous editions, there will be the Michael Freeman and Erwin Morscher honorary lectures, delivered by two highly distinguished orthopaedic surgeons. Swiss orthopaedics’ plenary lecture – the Maurice Edmond Müller session – will also be included in the programme and will be open to all participants.

The format of the meeting is again designed to encourage interaction among participants, with both symposia and instructional lectures being delivered by distinguished speakers from all over Europe. Among the other sessions are the interactive expert exchanges, complex case discussions and debate fora, as well as several evidence based medicine sessions.

The scientific programme would, however, be incomplete without your participation and we hope you will attend the upcoming Congress. We also encourage you to submit abstracts, the presentation of which forms a major part of the meeting.

We all look forward to meeting you at the 17th EFORT Congress in the city of Geneva – a cosmopolitan city of humane dimensions in the heart of Europe.

Prof. Alain Farron
President swiss orthopaedics 2014/2016

Prof. Dr. Enric Cáceres Palou
President EFORT 2015/16
Societies

NATIONAL MEMBER SOCIETIES

Albania  AAOST  Albanian Association of Orthopaedic Surgery and Traumatology
Austria  ÖGO  Austrian Society of Orthopaedics and Orthopaedical Surgery
Belarus  BRSMTDOS  Belarus Republic Scientific Medical Society of Trauma and Orthopedic Surgeons
Belgium  BVOT  Belgian Association of Orthopaedics and Traumatology
Belgium  SORBOOT  Belgian Royal Society of Orthopaedic Surgery and Traumatology
Bosnia and Herzegovina  OTSABH  Orthopaedic and Traumatology Surgeons Association of Bosnia and Herzegovina
Bulgaria  BOTA  Bulgarian Orthopaedics and Traumatology Association
Croatia  COTA/HUOT  Croatian Orthopaedic and Traumatology Association
Croatia  COIS  Croatian Orthopaedic Society of the Croatian Medical Association
Cyprus  CAOST  Cyprus Association of Orthopaedic Surgery and Traumatology
Czech Republic  CSOT  Czech Society for Orthopaedics and Traumatology
Denmark  DOS  Danish Orthopaedic Society
Estonia  ETOS  Estonian Orthopaedic Society
Finland  SOY-FOA  Finnish Orthopaedic Association
Former Yugoslav Republic of Macedonia  MAOT  Macedonian Association of Orthopaedics and Traumatology
France  SOFCOT  French Society of Orthopaedic Surgery and Traumatology
Germany  BVOS  Professional Association of Orthopaedics and Trauma Surgery
Germany  DGÖOC  German Association of Orthopaedics and Orthopedic Surgery
Germany  DGJ  German Trauma Society
Greece  HAOST  Hellenic Association of Orthopaedic Surgery and Traumatology
Hungary  MOT/HOA  Hungarian Orthopaedic Association
Iceland  IBF  Icelandic Orthopaedic Society
Italy  SIOT  Italian Society of Orthopaedics and Traumatology
Kosovo  KSOTS  Kosovo Society of Orthopaedics and Trauma Surgeons
Latvia  LTÖA  Latvian Association of Traumatology and Orthopedics
Lithuania  LSOT/LOTD  Lithuanian Society of Orthopaedics and Traumatology
Luxembourg  SLOT  Luxembourgn Society of Orthopaedics and Traumatology
Malta  AOTSM  Association of Orthopaedic and Trauma Surgeons of Malta
Montenegro  AMOT  Association of Orthopaedics and Traumatologists of Montenegro
Netherlands  NOV  Dutch Orthopaedic Association
Norway  NOF  Norwegian Orthopaedic Society
Poland  PIOT  Polish Orthopaedic and Traumatologic Society
Portugal  SPOT  Portuguese Society of Orthopaedics and Traumatology
Romania  SOROT  Romanian Society of Orthopaedics and Traumatology
Russian Federation  AOETF  Association of Orthopaedists and Traumatologists of the Russian Federation
Serbia  SOTA  Serbian Orthopaedic Trauma Association
Slovakia  SOTS  Slovak Orthopaedic and Traumatologic Society
Slovenia  SOA/ZOSZD  Slovenian Orthopaedic Society
Spain  SECOT  Spanish Orthopaedic and Traumatology Society
Sweden  SOF  Swedish Orthopaedic Association
Switzerland  SSOT/TOTBID  Swiss Society of Orthopaedics and Traumatology (swiss orthopaedics)
Turkey  TSOT/TOTBID  Turkish Society of Orthopaedics and Traumatology
Ukraine  UAOBST  Ukrainian Association of Orthopaedic Surgeons and Traumatologists
United Kingdom  BOA  British Orthopaedic Association

ASSOCIATE SCIENTIFIC MEMBERS

Armenia  AOTRA  Association of Orthopaedists, Traumatologists and Rehabilitologists of Armenia
Asia Pacific  APOA  Asia Pacific Orthopaedic Association
Australia  AOA  Australian Orthopaedic Association
Azerbaijan  AAOT  Azerbaijan Association of Orthopaedics and Traumatology
Cameroon  CSOST  Cameroonian Society of Orthopaedics and Trauma Surgery
Egypt  EOA  Egyptian Orthopaedic Association
Israel  IOA  Israeli Orthopaedic Association
Jordan  JOA  Jordanian Orthopaedic Association
Lebanon  LOA  Lebanese Orthopaedic Association
Northern Europe  NOF  Nordic Orthopaedic Federation
Saudi Arabia  SOA  Saudi Orthopaedic Association
Iran  POTA  Persian Orthopaedic Trauma Association

SPECIALITY SOCIETIES

Speciality Society Sessions form an integral part of each EFORT Congress.

EFORT would like to take this opportunity to thank already the Speciality Societies that will be involved in the 17th EFORT Congress in Geneva for their valuable input and active contribution to the scientific programme.
ABSTRACT SUBMISSION

The abstract submission system is accessible through the EFORT portal at www.efort.org/geneva2016 from 15 September 2015.
EFORT does not accept resubmissions. Only abstracts submitted electronically can be accepted.

CATEGORIES OF ABSTRACT SUBMISSION

TRAUMA
- Spine Trauma
- Shoulder and Upper Arm Trauma
- Elbow and Forearm Trauma
- Hand and Wrist Trauma
- Pelvic Trauma
- Hip and Femur Trauma
- Knee and Lower Leg Trauma
- Foot and Ankle Trauma
- Polytrauma
- Paediatric Trauma
- Varia Trauma

ORTHOPAEDICS
- Spine
- Shoulder & Upper Arm
- Elbow & Forearm
- Wrist & Hand
- Pelvis, Hip & Femur
- Knee & Lower Leg
- Foot & Ankle
- Paediatrics Orthopaedics
- Musculoskeletal Tumors
- Musculoskeletal Infections

GENERAL TOPICS
- Basic Science
- Biomechanics
- Implants, Biomaterials and Registry Studies
- Systemic Disorders
- Methodology
- Health Economy
- Education
- Quality Management
- Miscellaneous

ONLINE SUBMISSION PROCEDURE

After logging on to the EFORT portal, be sure to follow the onscreen instructions precisely as they lead you through the submission process. Please be aware that some information is mandatory.
EFORT does not accept resubmissions. Only abstracts submitted electronically can be accepted.
Abstracts must correspond to original, previously unpublished work. EFORT reserves the right to reject your abstract if previously presented.

There is no restriction on the number of abstracts you may submit, although double submissions will not be accepted. Only one type of presentation should be considered for each abstract.
Only three oral presentations and three posters will be accepted per registered participant.
Authors can modify the author information, category and core data of their abstract(s) directly on the submission system only until the deadline given. Consider your submission category carefully. EFORT reserves the right to change the category of your abstract. For more details, please visit: www.efort.org/abstracts2016

INFORMATION ON ABSTRACT ACCEPTANCE

You will be notified by e-mail about the acceptance of your abstract(s) by 29 January 2016 at the latest. The presenting author of a selected abstract must undertake to attend the Congress and present the abstract in the session and at the time designated by the Scientific Committee. EFORT therefore requires all presenting authors to register by 29 February 2016 at the latest. Only registrations for the full Congress are accepted (no day registrations).

ABSTRACT SUBMISSION SUPPORT

Support for submitters will be provided only by direct query to: abstracts@efort.org

ORAL PRESENTATIONS

Only computer projection will be available for presentations in the meeting rooms. To ensure that sessions run smoothly, please refer to the Presentation Guidelines available online.
The best-rated Free Papers may be put forward for the EFORT Free Paper Award. From the presentations that are received, the three best will be selected for the award. The authors of the selected papers will be informed prior to the Congress, and certificates will be presented during the official opening ceremony.

POSTER PRESENTATIONS

The poster presentations will be in wall poster format. A large display area within the exhibition will be dedicated to poster presentations.
Out of the best-rated poster abstracts submitted for the Congress, the ten best will be awarded the Jacques Duparc Award. Authors will be informed prior to the Congress, and certificates will be presented during the official opening ceremony.

PRELIMINARY EXHIBITION SCHEDULE

Wednesday, 01 June 2016 09.00 – 17.30
Thursday, 02 June 2016 09.00 – 17.30
Friday, 03 June 2016 09.00 – 17.00
HIGHLIGHTS

General Orthopaedics
- Tribology: Bearing choices
- Bones and Joints: Replace or repair
- Implants & Biomaterials: Is New Safe?
- The obese patient
- Innovation and sustainability

Musculoskeletal Tumors
- Influence of age on reconstruction in bone tumors

Musculoskeletal Infections
- Strategies in infected implants

Spine
- Clinical judgement in the aged spine

Upper Limb
- Hand: the tool to care for!
- Computer assisted shoulder surgery
- Pitfalls in rotator cuff surgery

Lower Limb
- Knee replacements: expectations and reality
- Perioperative management in TKR
- Hip replacements: expectations and limits
- New approach, new components, new problems
- Cemented or cementless
- Degenerative Foot & Ankle

Trauma
- Augmented implants

Paediatrics
- Early care achieves life-time mobility

MAIN THEME: MAINTAINING ACTIVITY THROUGH LIFE

Our patients live longer, orthopaedic surgeons help them live better!

Fact: Our populations are ageing, a byproduct of our modern and affluent societies. Bones develop fragility, muscles become sarcopenic, and joints wear out. Joint pain, falls and fragility related fractures have become the modern plague. Orthogeriatrics has become a buzz word and units are sprouting throughout Europe. EFORT’s goal is to keep our patients active, mobile and pain-free. All studies agree that maintaining elderly patients mobile and active is economically, socially, medically and ethically, the sound approach.

Come to Geneva and learn about the latest practices and techniques for the care of the ageing musculoskeletal system. Complex problems such as polytrauma in the elderly, biomechanical evaluation of the aged patient, clinical algorithms for spinal fragility fractures and complications of surgical interventions will be discussed in-depth. Leading experts in the field will describe in detail the latest evidence-based techniques in prosthetics, fracture repair and rehabilitation.

Discover how you can make a more significant difference in curbing the increasing burden of musculoskeletal injuries and diseases in this looming ageing epidemic: come to Geneva! —Prof. Dr. Pierre Hoffmeyer

INTERACTIVE EXPERT EXCHANGE (IEE)

Primary target attendees: Confirmed specialists and senior consultants

Paying session and pre-registration mandatory. Please check online registration for further details as of 15 September 2015.

Max. capacity: 100 participants per session

Please note that IEE sessions may be attended only if the participant is registered for the Congress

Session structure
The IEEs are conducted by 5 Faculty members around a slot of 2 hours divided as follows:

1. Introduction: The moderator introduces 5 topics and the audience answers 10 open questions (each topic associated to 2 major questions) during an initial voting session (10 min).

2. Presentations: The speakers present evidence linked to each topic and to the questions that have been addressed previously as a theoretical symposium (50 minutes, 5 presentations).

3. Discussion: Each speaker discusses cases related to their topic and introduces the question “What would you do?” to promote the input of the audience. A group of challengers are invited. A conclusion is formulated after the exchange and a second voting session (1 hour).

Thursday 02 June 2016 | 10:15 to 12:30
- Anterior Shoulder Instability – Current Concepts | Shoulder & Upper Arm Trauma
- Clinical Research On Implant Innovation | Basic Sciences
- Meniscus: How To Fix It? | Knee & Lower Leg
Preliminary scientific Programme

INTERACTIVE EXPERT EXCHANGE (IEE)

Friday 03 June 2016 | 10:15 to 12:30
- Strategies For Fragility Fractures In The Upper Limb | Shoulder & Upper Arm Trauma
- Lax And Painful Shoulder | Shoulder & Upper Arm
- Clinical Judgement In The Aged Spine | Spine
- Decision Making In DDH: From Adolescents To Early Adult Life | Paediatric Orthopaedics

NURSE

Primary target attendees: Nurses and other allied health care providers
Pre-registration mandatory. Please check online registration for further details as of 15 September 2015.

This full-day course addresses European Orthopaedic and Trauma Nurses and other allied health care providers. Active involvement of the attendees will maximise the benefits of this unique encounter between experienced faculty members, industry representatives and participants. For more information, visit the congress website.

Abstract Submission: A specific category named “Nurse” is available on our online abstract submission system to include the work of nurses and other healthcare professionals within the overall abstract handling for the congress (unique deadlines for all participants).

REGISTRATION

Participants are requested to register in advance using the online portal on the congress website www.efort.org/geneva2016. The registration system will open on 15 September 2015.

For the complete list of registration fees and other courses, please check our congress website as of 15 September 2015. All fees are indicated in EUR, incl. VAT (may be subject to change without prior notice). The late registration fee will apply to any forms received from 01 March to 02 May 2016. Registrations received as of 03 May 2016 will be processed as on-site registrations.

A COSMOPOLITAN CITY OF HUMANE DIMENSIONS IN THE HEART OF EUROPE

In a country of spectacular natural beauty, Geneva is one of Switzerland's most beautiful cities. Set on the banks of Lake Geneva between the Alps and the Jura mountains in the Southwest corner of Switzerland, Geneva enjoys a temperate climate and breath taking scenery, with Alpine lakes, snow-capped mountains, lush forests and enchanting countryside.

Geneva enjoys a worldwide reputation as a conference city; it embodies the creativity of science and technology, a vigorous business sector, and has a special cultural appeal with unmistakable flair and charm. Geneva is an ideal destination with its central location in Europe, served by an excellent transport and communication infrastructure. Draped around the deep blue waters of Lake Geneva, Geneva has grown wealthy and influential as the cultural and economic focus of French-speaking Switzerland.

As host city of many international organisations, Geneva has a long tradition of humanism and communication as well as an established reputation as a centre for arts and culture. The city has over 30 museums, as well as many art galleries, theatres and an opera house. Fashionable hotels, chic restaurants and elegant shops jostle for position along the flower-decked lakefront that encircles the famous "Jet d'Eau" Fountain. The fountain shoots 500 litres of water per second to a height of 140 meters above the Lake Geneva. The "Jet d'Eau" has come to symbolise Geneva around the world and traditionally signals the coming of spring each year.
HOW TO COME TO GENEVA

Located in the centre of Europe, Geneva is easily accessible by air and train from all major European cities, and there are interesting low-budget connections from several of them. The international airport is only 15 minutes from downtown.

- **Travel by air**
  Geneva International Airport, Switzerland’s second largest, lies 5 km northwest of downtown Geneva, in Cointrin. When you arrive, pick up a free ticket from the dispensers in the baggage hall just before customs. The ticket is valid for 80 minutes and gives you free transportation on trains, buses, trams, and mouettes (water shuttles).

- **Travel by train**
  Gare Cornavin is the main Railway Station in Geneva. It is located in the city centre, 10 minutes walking distance from the Lake and 20 from Geneva Old Town. High-speed trains (ITGV) run from Paris (about 3 ½ hours ride) and other French cities, while EuroCities go to Italy and other countries. Geneva is also well-connected by rail from Germany and the rest of Switzerland.
  Train schedules and prices are available on www.rail.ch. Many city trams & buses are accessible outside the station. Plans and schedules are available on www.tpg.ch (so far only in French).

- **Travel by car**
  Entering Switzerland via a highway (i.e. Geneve “Bardonnex”) requires the payment of the Highway annual tax of CHF 40. Those with no further plans to use the Swiss highway system should enter via a “regular” road.

HOW TO REACH THE CONGRESS CENTER

- **Palexpo**
  Palexpo, Geneva’s exhibition and convention centre, offers 106,000 sqm with seven halls of interconnected event space close to Geneva international airport and the city’s rail station. Palexpo is also easily accessible by motorway from the rest of Switzerland as well as from France, Italy and Germany, and offers on-site parking for 2,800 vehicles. The 17th EFOR Congress is taking place in Palexpo Exhibition Hall 1.

- **Access and parking**
  The Palexpo site is located at a railway and road traffic hub in the very heart of Europe, just a 10-minute walk from Geneva Airport and its railway station and a 15-minute bus ride from the city centre. Trains operating at regular intervals take only 10 minutes to run between the airport and the centre.

- **By car**
  To reach the Palexpo, take the motorway and follow the signs to the airport (Aéroport) or Palexpo. Parking possibilities are available directly at the Palexpo (P12). More than 2,800 parking spaces are available to visitors and exhibitors directly on the Palexpo site. The P12 car...
park also has designated disabled parking.

- **By bus**
  Efficient ground transfers are available from Geneva Palexpo to the city centre and the main train station. N° 5 bus (Hôpital – Palexpo – Aéroport) links Geneva Palexpo with the City Centre in 20 minutes and runs frequently from early morning to late in the evening.

- **By train**
  The train is an easy and hassle-free way of getting to Palexpo, allowing you to avoid the Geneva traffic jams. Geneva Airport Station is a 15-minute walk from Palexpo Exhibition Hall 1.
SAVE UP TO 20% ON TRAVEL WITH THE STAR ALLIANCE™ NETWORK

The Star Alliance member airlines are pleased to be appointed as the Official Airline Network for the 17th EFORT Congress 2016 in Geneva, Switzerland.

To obtain the Star Alliance Conventions Plus discounts please visit Conventions Plus online booking tool:

Registered participants plus one accompanying person travelling to the event can qualify for a discount of up to 20%, depending on fare and class of travel booked.

The participating airlines for this event are: ANA, Adria Airways, Aegean Airlines, Air Canada, Air China, Air India, Air New Zealand, Asiana Airlines, Austrian Airlines, Avianca, Brussels Airlines, Copa Airlines, Croatia Airlines, EVA Airways, EgyptAir, Ethiopian Airlines, LOT Polish Airlines, Lufthansa, SWISS, Scandinavian Airlines, Shenzhen Airlines, Singapore Airlines, South African Airways, TAP Portugal, THAI, Turkish Airlines, United.

Discounts are offered on most published business and economy class fares, excluding website/internet fares, senior and youth fares, group fares and Round the World fares. When making your travel plans please present confirmation of your registration or proof of attendance for the Event/Convention.

BOOKING YOUR OWN CONFERENCE TRAVEL IS EASY AS ABC
WITH THE GLOBAL ONLINE BOOKING TOOL FROM STAR ALLIANCE CONVENTIONS PLUS

No matter where you are travelling from, the Star Alliance™ network offers you a wide choice of flights to the 17th EFORT Congress in Geneva, Switzerland.

And with over 18,500 flights a day to 1,316 destinations across 192 countries, our 27 member airlines extend the same choice to any future conferences you are planning to attend.

You can also save money when you book your flights. Simply quote the Convention Code LX01S16 and you plus one travelling companion will receive a special discount. Better still, no matter which Star Alliance member airline’s frequent flyer programme you belong to, you can earn and redeem miles across all 27 airlines.

For more information, or to join the airline network that offers you more choice wherever your conferences take you, simply go to www.staralliance.com/conventionsplus
European Surgical Orthopaedics and Traumatology

The EFORT Textbook

- Guides the reader through the total management of the patient, including surgical techniques
- Written by recognized international authorities
- Didactic style appropriate for those preparing for examinations
- Abundant illustrations highlighting the essentials of each clinical scenario

This important reference textbook covers the surgical management of all major orthopaedic and traumatological conditions.

The book will act as the major source of education and guidance in surgical practice for surgeons and trainees, especially those preparing for higher surgical examinations and the Board of Orthopaedics and Traumatology examinations within and beyond Europe.

The emphasis throughout is on the application of current knowledge and research to technical problems, how to avoid operative problems, and how to salvage complications if they occur. The didactic text is complemented by abundant illustrations that highlight the essentials of each clinical scenario.

The authors are all recognized international authorities active at congresses and workshops as well as in universities and hospitals across the world.

High quality instructional review articles on all aspects of orthopaedics and traumatology

EFORT and The British Editorial Society of Bone & Joint Surgery are delighted to announce a new open access journal: EFORT Open Reviews.

All articles are to be made available open access, with no subscription required and in addition, there will be online CME questions and certification.

The Editor-in-Chief of EFORT Open Reviews is Professor Pierre Hoffmeyer, Professor of Orthopaedic Surgery, Head of the Division of Orthopaedics and Musculoskeletal Trauma, Chair of the Department of Surgery of the University Hospitals of Geneva, and Director of the Academic Department of Surgery, Faculty of Medicine, University of Geneva. He will be supported by a small group of Associate Editors and an International Editorial Board.

Indexing and Impact Factor: EFORT Open Reviews will be submitted to PubMed Central within the first few months of publication, along with the aim to secure inclusion in the PubMed database. Following this, all authors will benefit from their articles having a PMID within PubMed. Later, EFORT Open Reviews will be submitted for indexing in Web of Science with a view to obtaining an Impact Factor.

CALL FOR PAPERS

For further information or to suggest a topic for an article please email either:
Editor-in-Chief, Prof. Pierre Hoffmeyer:
Pierre.Hoffmeyer@hcuge.ch
OR Commissioning Editor, Amy Goggins:
a.goggins@boneandjoint.org.uk

There will be no Article Publication Charges (APCs) until 31st December 2015, and no APCs for delegates at the EFORT Annual Congress.
