## Useful information

### Arrival to Vienna International Airport on Sunday, 17 April 2016

You may take any international or domestic flight to Vienna International Airport, which is located 15 km outside the city. From Vienna International Airport, there are several public transportation possibilities, e.g. CAT (City Airport Train) for €12,-(single) or for €19,-(return). You should get off at the station "Landstraße/ Wien Mitte", which is the final station, then pick up the U4 towards "Heiligenstadt" and get off at "Schottenring" station. Then change to line U2 towards "Karlsplatz" and take one station to "Schottentor". Exit towards "Schottentor/Universität" and immediately thereafter take the staircase with a sign that says "Währingerstrasse". From there, you can see Hotel Regina directly in front of you. Or you take a taxi from "Landstraße" to Hotel Regina. You can also take a taxi from the airport directly to the Hotel, which costs approximately € 40 to 50. No organised transportation will be available since the arrival times of each participant will be different. We suggest the cheapest form of transport which is CAT or a taxi can also be taken.

### Accommodation and meals

Accommodation will be arranged in shared twin rooms. The hotels in each city will offer breakfast in the morning. Lunches and coffees will be organised at each hospital during the day time.

### Departure from Vienna International Airport on Saturday, 23 April 2016

The Austrian Orthopedic Society (ÖGO) and the Organising Committee are offering your accommodation and stay in the country from 17 April 2016 up to your departure from Vienna on 23 April 2016.
