EFORT Individual Membership Programme

www.efort.org/membership

Join the community: Become an EFORT Fellow

EFORT works on behalf of the European orthopaedic and traumatology community to restore and secure mobility, musculoskeletal health and quality of life. EFORT promotes the exchange of scientific knowledge and experience in the field of prevention and both the conservative and surgical treatment of diseases and injuries concerning the musculoskeletal system.

Why we matter?

- ▶ Representing 41 National Member Societies from 39 European countries
- ▶ Representation of state-of-the-art orthopaedics and musculoskeletal traumatology in Europe
- ▶ Promotion of research, science and training in orthopaedics and traumatology in Europe
- ▶ Exchange of scientific experience and knowledge and the improvement of education and training
- ▶ The EFORT annual congress is the largest cross-border O&T meeting worldwide

Why join EFORT?

- Connect globally and be part of a unique community at the forefront of musculoskeletal health
- Benefit from preferential registration fees for the EFORT annual congress and EFORT educational programmes
- Access the full scientific e-library with over 17,300 educational resources
