

Title	Topic	Organiser
Controversies In Paediatric Orthopaedics: Long-Term Results Vs. Innovative Treatments	Paediatric Orthopaedics	Jaroslav Czubak (Poland)
Dilemma In Paediatric Trauma: Long-Term Results Vs. Innovative Treatments	Paediatric Trauma	Pierre Lascombes (Switzerland)
Chronic Achilles Tendinopathies: Medical And Surgical Treatments - State Of The Art	Foot & Ankle	Yves Tourné (France)
Syndesmotic Injuries	Foot & Ankle Trauma	Kris Buedts (France)
Posterior Shoulder Instability	Shoulder & Upper Arm Trauma	Pierre Mansat (France)
Frozen Shoulder: New Strategies For Treatment	Shoulder & Upper Arm	Ata Can Atalar (Turkey)
Arthroplasty Options For Distal Humerus Fractures	Elbow & Forearm Trauma	Frédéric Schuind (Belgium)
New Technologies: Elbow Arthroplasty In Younger Patients	Elbow & Forearm	Adam Watts (United Kingdom)
Minimally-Invasive Or Open Surgical Treatment Of Bone Metastases	Musculoskeletal Tumors	Andrea Piccioli (Italy)
Adverse Immune Reactions In Patients With Knee And Hip Replacement	Systemic Disorders	Christoph Lohmann (Germany)
How Important Is Ethics In Everyday Orthopaedic Practice?	Miscellaneous	Michael Benson (United Kingdom)
Prioritisation Of Limited Resources Faced With An Ageing Population From Different National Perspectives	Health Economy	Klaus-Peter Günther (Germany)
Virtual Learning Environments In Orthopaedics And Trauma	Education	Elke Viehweger (France)
Clinical Research On Cell Therapy	Basic Sciences	Enrique Gómez Barrena (Spain)
ACL Rupture 10-Years Follow-Up	Knee & Lower Leg	Christophe Hulet (France)
Implant Positioning And Alignment In TKA	Knee & Lower Leg	Francesco Benazzo (Italy)
The Influence Of The Joint Line In Knee Arthroplasty Surgery	Knee & Lower Leg	Anders Troelsen (Denmark)
Pre-Operative Factors As Predictors Of Post-Operative Outcome In Primary THA And TKA	Implants, Biomaterials & Registry Study	Martyn Porter (United Kingdom)
Reorientation Osteotomies Of The Hip	Pelvis, Hip & Femur	Claudio Dora (Switzerland)
Important Factors For Outcome In Primary THA	Pelvis, Hip & Femur	Søren Overgaard (Denmark)
Difficult Decisions In Acetabular And Femoral Revision Surgery	Pelvis, Hip & Femur	Mazhar Tokgozoglu (Turkey)
Prognosis Of Primary And Revision THA Based On Register Studies	Pelvis, Hip & Femur	Johan Kärrholm (Sweden)
Infections In Orthopedic Surgery: The Role Of Specialists And Interdisciplinary Teams	Musculoskeletal Infections	Klaus Kirketerp-Møller (Denmark)
Treatment Of Infected Megaimplants Of The Pelvis And Femur	Musculoskeletal Infections	Werner Siebert (Germany)
CAS And Other Innovative Techniques For Complex Spine Deformity Correction	Spine	Janez Mohar (Slovenia)
Pelvic Insufficiency Fractures	Pelvic Trauma	Josep Muñoz Vives (Andorra)
Periprosthetic Fractures Of The Hip	Hip & Femur Trauma	Miguel Marta (Portugal)
Fixation Of Intraarticular Fractures Under Arthroscopic Control	Varia Trauma	Mahmut Nedim (Turkey)
Specific Problems In Polytrauma (Bilateral Femur, 3B Distal Tibia, Mangled Extremity, Complex Upper Limb)	Polytrauma	Thierry Bégué (France)
Recent Advances In Orthopaedic Oncology	Musculoskeletal Tumors	Pietro Ruggieri (Italy)
Minimally-Invasive Treatment Of Thoracolumbar Spine Fractures	Spine Trauma	Thomas Blattert (Germany)
Distal Radius Fractures And Carpal Ligament Lesions: How To Avoid Complications?	Hand & Wrist Trauma	Guillem Salvà Coll (Spain)
