**SOFCOT & EFORT Webinar : Update in the management of lower extremity bone defects**

Saturday 7 October 2017 | 10:00-11:30 CET | <http://efort.fmcevent.com/en/>

This webinar gathers the most critical information about bone defect therapy in lower extremities in a clear structured and comprehensive manner strictly independent from any implant manufacturer influence.

It is a joint venture project of the SOFCOT and EFORT e-learning group gathering European experts in this field, who will give a comprehensive condensed overview from actual gold standards to innovative future solutions.
