#EOTEP

EFORT Webinar | 'How to write an article and get it published'

Monday 24 June 2019 | 19:00-20:00 Central European Time

This webinar will address the following topics:

- The Strategy of Writing a Paper
- Target Journal Selection
- The Article from Publisher's Point of View

Learning Objectives

Publishing research is a must for career advancement. However, to get a paper published requires taking important critical steps during the writing and submission process of the manuscript. The webinar also provides a brief overview of the submission and review process to publish a manuscript in a biomedical journal, which includes the following:

- developing the framework of the manuscript;
- flow of a manuscript, drafting of various publication and relevant guidelines;
- types of publication documents and their importance;
- selection of the target journal, preparation of submission ready manuscript, preparing for submission, submission process and post-submission follow-up with journal;
- what editors and reviewers look for in a manuscript; and
- common causes of rejection.
