| 19:42-20:00 | Discussion All |

LEARNING OBJECTIVES:

There is a lack of awareness and knowledge regarding the ability of osteotomy procedures to treat knee pathologies. By showing techniques and results, the faculty will raise awareness and improve access to these procedures.

The objective of this Webinar is to improve awareness and knowledge of the indications, techniques and results of osteotomy procedures about the knee.

NEW: This webinar 'Osteotomies about the Knee' taking place on 26 April 2021 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 1 European CME credits (ECMEC®s).

Please visit www.efort.org/elearning for full information.
