### **Learning Objectives:**

This EFORT Webinar on **"Total Hip Replacement and Lumbar Spine"** will focus on the relationship between the total hip replacement and the spinopelvic parameters. The objectives of this Webinar are:

- To define the sagittal alignment of the spine in standing and sitting positions
- To focus the relationship between hip arthroplasty and sagittal alignment
- To present the classification
- To discuss on the future

*This Webinar is organised by EFORT independent of any commercial educational support and hosted by M-Events.*
