SHORT STEMS: A NEW PARADIGM

Chair: *Sébastien Lustig, France*

The Webinar will address the following topics:

12:30-12:35	Introduction <i>Jean-Marc Puch, France</i>
12:35-12:45	Design Validation by Finite Elements Analysis, Stability of a Shortened Stem with Collar <i>Sébastien Lustig, France & Javier Perez, Colombia</i>
12:45-12:55	Surgical Technique by Posterior and Anterior Approach <i>Jean-Marc Puch, France & Sébastien Lustig, France</i>
12:55-13:05	Colombian Feedback and Results at 8 Years Follow-up <i>Javier Perez, Colombia & Jean-Marc Puch, France</i>
13:05-13:25	Questions and Answers All
13:25-13:30	Final Remarks <i>Sébastien Lustig, France</i>

Learning Objectives:

This EFORT Industry Collaborative Webinar supported by Groupe Lepine will focus on **cementless short stems**. The objectives of the Webinar are:

- Design rationale of the stem
- Surgical technique tricks depending on approaches and femur morphotypes
- Clinical results after almost 10 years in France and Colombia

This Industry Collaborative Webinar is organised with the support of Groupe Lepine in collaboration with EFORT and hosted by M-Events.
