- 

### Learning Objectives:

This EFORT Industry Collaborative Webinar supported by LimaCorporate S.p.A will focus on management of complex hip and shoulder cases. The objectives of this Webinar are:

- To explain how to approach and manage complex hip revision cases
  - To provide guidelines on glenoid bone defect management, when standard portfolio is not sufficient to cover the case
  - To share surgeons' clinical experiences on using customized components
- 

*This Webinar is organised with the support of LimaCorporate S.p.A in collaboration with EFORT and hosted by M-Events.*
