

EFORT Industry Collaborative Webinar

Tuesday 11 October 2022 | 12:30-13:30 CET

www.efort.org/icw

MATHYS 
a company of enovis.

PRESERVATION INSTEAD OF REPLACEMENT: ACL PRESERVATION AFTER RUPTURE - CLINICAL EVIDENCE FOR PATIENT AND SURGEON

Chair: *Philipp Niemeyer, Germany*

The Webinar will address the following topics:

12:30-12:35	Introduction <i>Philipp Niemeyer, Germany</i>
12:35-12:50	Clinical Data <i>Johannes Glasbrenner, Germany</i>
12:50-13:05	Patient Selection <i>Mirco Herbort, Germany</i>
13:05-13:15	Discussion
13:15-13:25	Cases & Complications <i>Philipp Niemeyer, Germany</i>
13:25-13:30	Discussion and Closing

Learning Objectives:

This EFORT Industry Collaborative Webinar supported by Mathys will focus on the principle of "Preservation instead of replacement". The objectives of the Webinar are:

- Practical application, patients, and patient selection
 - Indications and limitations
 - Learnings from clinical data
-

This Industry Collaborative Webinar is organised with the support of Mathys in collaboration with EFORT and hosted by M-Events.

About Mathys:

Mathys is committed to motion worldwide. Founded in 1946, the company has been active in medical technology since 1958 and focuses on the development, manufacture and distribution of joint replacement products. The company's services include implants for hip, knee, shoulder and sports orthopaedics, and synthetic bone graft substitute. Headquartered in Bettlach, Switzerland, Mathys has development and production sites in Switzerland and Germany, as well as subsidiaries in 11 countries, and has been part of the US-based company Enovis™ since 2021. Enovis is committed to measurably improving patient outcomes by developing specialised solutions to clinical problems.
