### LEARNING OBJECTIVES:

This EFORT Educational Webinar will focus on floating knee injuries and the best treatment. The objectives of this Webinar are:

- Indications and advantages with nails, plates and frames
- Indications and timing: what to do first
- Concomitant ligamentous and meniscal injuries in the floating knee
- Case-based learning and evidence for the best treatment

*This Webinar is organised by EFORT independent of any commercial educational support and hosted by M-Events.*
