Learning Objectives:

This EFORT Educational Webinar will focus on conservative and operative treatment of acetabular fractures in the elderly. The objectives of this Webinar are:

- Recognize the challenge of acetabular fractures in the elderly
- Explain the indications for conservative, internal fixation or total hip arthroplasty
- Apply techniques of internal fixation alone
- Apply techniques of total hip arthroplasty
- Analyse treatment failures and recognize possible pitfalls in treatment

This Webinar is organised by EFORT independent of any commercial educational support.
