

Motivational letter for the selection of FC member

The motive of the candidate Nikola Bulatovic on behalf of AMOT, who is a member of the GA EFORT as a national delegate, for the position of member of the financial committee is the inclusion in the working bodies of EFORTA of the membership of this association from the area of Southeast Europe. An opportunity to show personal affinities, abilities as well as acquiring new knowledge and experience. Also as a promotion of EFORT, which would open the mission of active participation of an increasing number of primarily young orthopedists and traumatologists who should be motivated to participate in all activities that the association enables and in this way use the opportunities for learning and training and ultimately create a large and unique family of orthopedists and traumatologists.

On behalf of AMOT (Association of Montenegrin Orthopedists and Traumatologists)

President

Assoc Prof Nikola Bulatovic
