Markus Knupp | Mein Fusszentrum, Basel, Switzerland

19:25-19:35 | **Rationale to Correct Malunion**

Stephan Rammelt | University Hospital Carl Gustav Carus, Dresden, Germany

19:35-19:55 | **Questions and answers** | All faculty and Attendees

19:55-20:00 | **Final Remarks**

João Vide, Portugal

---

### Learning Objectives

This EFORT Educational Webinar will focus on Ankle Fracture Sequelae. The objectives of this Webinar are:

- **Understand the key principles and current strategies** for salvaging ankle fractures, including when to pursue reconstruction versus further corrective procedures.
- **Identify and manage the main causes of poor outcome** after ankle fracture treatment, with emphasis on postoperative stiffness, osteochondral lesions, and malunion.
- **Apply practical decision-making frameworks** to optimize patient selection, timing, and technique in complex ankle fracture salvage scenarios.

*This Webinar is organised by EFORT independent of any commercial educational support.*
